Dear Mrs. Manley:

Excuse delay in replying to yours of the 5th, as figured something might develop for the Apr. 27th date you desire to fill.

Strange as it may seem, we have had various requests for Suns. Apr. 20 and May 4, yet not a single promising prospect for Apr. 27, outside of a letter received today from:

Mr. C. W. Boone, Sr.
25 Wright St.
Lanett, Ala.

Situated about 100 miles south of Birmingham and Atlanta. They have a local club but prefer two outside teams if possible...yet can't tell you anything about this town or its terms...as never played there...altho know Hayes at Birmingham can, as they played the Elites there last spring.

We (Clowns) are barnstorming with the Mohawks ourselves during the Apr. 20 to 27 period, with only the 22nd open at this particular writing.

Don't think the Mohawks would mean much to you anyway in the south, altho they have a very good team, however combined with the Ethiops they're okay, as our club is a tremendous drawing power everywhere.

We haven't a single ineligible player to my knowledge, yet not particular about playing any of the league clubs, unless they themselves can see the advantage of making some real dough by scheduling our popular outfit.

Sincerely,
